MY ONLY WAY OF UNDERSTANDING TENNIS

BY RAFA NADAL

I started playing tennis as a child in Manacor, on the island of Mallorca. Since then, tennis has been much more than a sport for me. It has been a school of life. After many years competing around the world, I have realized that the true value of success is not only in trophies or titles, but in the discipline, humility, and respect that have accompanied me throughout my career.

One of my greatest purposes is to share these values with the new generations. Through the Rafa Nadal Academy, we work every day to educate young athletes not only to become better players but better people. We teach them to value effort, to understand teamwork even in an individual sport, and to maintain respect for themselves, their opponents, and the game.

It is an international project that brings together students from all over the world, combining education and sport as two pillars of personal development. We believe that high performance is compatible with humanity, that competition can go hand in hand with kindness, and that every training session is also a life lesson.

DO YOU WANT TO TRAIN LIKE A PROFESSIONAL PLAYER?

The Rafa Nadal Academy opens its doors once again to all young padel players who want to enjoy an unforgettable experience at one of the world's top high-performance sports centers.

Players can book one or more weeks of the camp (From June 14 to August 23, 2026. Except for the week of July 26, when the Summer Padel Junior Program by Rodri Ovide will take place).

Check-in and check-out for players will be on Sundays.

This camp combines technique, tactics, physical preparation, and learning, all within an international, professional, and motivating environment.

Our coaches have incorporated this methodology and training system into the camp's technical sessions and will be responsible for teaching it to all participants. In addition, they will conduct a level assessment for players before the program starts to assign them to a training group appropriate to their skill level.

The Summer Padel Camp Junior focuses on:

- Basic and advanced padel techniques taught analytically through baskets and globally through control and game situations.
- Tactical situations for attack, defense, and counterattack taught globally through 1×1, 1×2, 2×1, and 2×2 game situations, conditioned drills, matches, and competitions.
- Physical preparation through games, team dynamics, and specific exercises.
- Competition factors to consider before, during, and after matches.

The RNA Camp also aims to educate participants through sport via technical talks. **Thanks to sessions led by specialized coaches at the Rafa Nadal Academy, young athletes will receive focused training on padel gameplay and all the important aspects surrounding the sport.**

The Junior Padel Camp at the Rafa Nadal Academy offers a unique opportunity where padel, fun, leisure, and values come together in a campus environment with young players from all over the world.
